

Prof's Puzzles

Answer sheet 6-11

Prof's Puzzles 6

Jigsaw pieces: piece D completes the picture.

Oranges and lemons: the eight half slices make three whole orange slices and one whole lemon slice.

Letter code: the names of the objects are: a=apple, e=egg, f=fish, l=lemon, r=rice, g=garlic, w=water, t=tangerine. The secret sentence is: EAT WELL, FEEL GREAT!

Search for Snack: the real Snack is standing in front of the refreshments table, to the right of the runner bean.

Prof's Puzzles 7

Word surge: some of the words you could make are: eat, tea, at, rat, get, egg, rub, tub, are, gear, glue, clue, let, later, gut, but, rut, tear, rate and late.

Tennis trouble: there are 28 tennis courts. There is no net on the tennis court on the bottom row, second from left.

Prof's Puzzles 8

Party Time: there are 55 mirrors on the disco ball.

Snack's Shadow: picture D is Snack's shadow.

Farm fun: 2 carrots + 2 leeks = 4; 2 pumpkins + 2 apples = 4; 4 courgettes + 3 pears = 7; and 2 parsnips + 6 corn cobs = 8. Add them up: $4+4+7+8=23$.

True or false: 1=false, 2=true, 3=false, 4=true, 5=true.

Prof's Puzzles 9

Match It!: the matching socks are 3 and 12. Footballs h and k are the same.

All Downhill: ski run A leads to Professor Foodsmart's finishing flag. Ski run F leads to Snack's finishing flag. There are 15 flags including the Professor's and Snack's.

Winter fun with the Grub Gang: the sports are: walking, jogging, ice skating, snowboarding and football.

Prof's Puzzles 10

Spot the Professor: the Professor is runner number 18.

Maypole mayhem: Snack's flower is red. The Professor's flower is yellow.

Fill the plate: A = apple, orange juice and broccoli. B = potato, slice of bread and spaghetti. C = glass of milk and yoghurt. D = slice of cake. E = fish and chickpeas.

Prof's Puzzles 11

A-maize-ing Maze!: the hidden shape is a bicycle.

Colour by numbers: it's a panda doing gymnastics.
