

Look at www.greatgrubclub.com for some tasty recipes!

What colour is it?

Can you describe its texture? (How it feels)

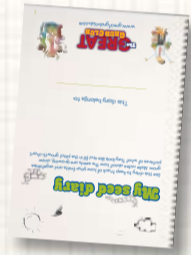

What does it smell like?

What does it taste like?

When your fruit or vegetable is ready to be cooked or eaten fill in this taste chart.

Taste chart

To make the booklet, cut along this line. Make sure the page numbers are in the right order, then tie them together with a piece of string.

Use this ruler to measure your growing plant.

This diary belongs to:

Use this diary to keep track of how your fruits and vegetables grow. Make notes about how the seeds are growing, draw pictures of what they look like and fill in your plant's growth chart.

My seed diary

My plant's growth chart

Look at how your plant grows each week. How quickly is your plant growing? How is your plant changing as it grows? What do the flowers look like as they grow? Make notes about what you can see.

Week 1

Take a look at www.greatgrubclub.com to find out about other fruits and vegetables you can grow at home!

My seed diary

Example Day 1: I planted the cherry tomato seeds that the Grub Gang sent me.

My drawings

Why not make drawings of your plant as it grows?
