

# Olivia's Garden pebbles

Try making these colourful pebbles to mark out which seeds you've planted where.

**MESSY ACTIVITY ALERT**  
Make sure you're wearing an apron and you've laid out some newspaper!

You will need:

- large pebbles
- acrylic paints
- paintbrush
- pipe cleaners
- strong glue
- newspaper
- apron

1 Paint each pebble one colour. You might need to use two coats of paint to make the colour bright and strong. When the pebbles have dried you can paint on some patterns.

You can make your pebble into an animal by sticking on some pipe cleaner legs. Make sure an adult helps you with the glue.

If you have not planted any seeds you can use your pebbles as decorations for your garden or window box.

When the glue is dry, turn the pebble over and bend the pipe cleaners into the shape of legs. Paint on some eyes and give your animal a name!
